

hi-Ear is much more than a simple earmuff. In fact it incorporates high performance speakers that allow you to listen to your favourite music and your mobile phone conversations and also answer with the included microphone, without any fear of cold. The universal 3,5mm jack allows it to be connected to any iPhone®, iPod®, MP3 player and the best mobile phone models
hi-Ear's width is adjustable, by pulling or squeezing, to perfectly fit all sizes.

One size
Doesn't need batteries
Works with any mp3 player
Works with most of cell phones
